

## Spreadsheet Grade Book

In this section you will learn a quick and easy way to keep track of students progress, create interactive activities using spreadsheet.

### Creating a Grade Book Activity

The advent of the electronic spreadsheet has added a whole new dimension to the tasks involved in recording and reporting student performance. The days of the written grade book, while far from gone are rapidly changing, and today's instructors are taking advantage of the ease of use and power of the spreadsheet to make tracking student achievement less burdensome. Visit the web sites listed below to find more information about how to get grade book software.

#### Excel Grade Book
